

Stanford ID: [REDACTED]

Dear [REDACTED]

Congratulations! You have been admitted to the Stanford Class of 2028!

Everyone who reviewed your application was inspired by your passion, determination, accomplishments, and heart. We acknowledge and celebrate all you have worked for with the good news this letter brings.

You are, quite simply, a fantastic match with Stanford. You will bring something original and extraordinary to our campus—a place where you can learn, grow, and thrive.

At Stanford, you join a diverse, joyful, and welcoming campus community with a shared determination to make our world better. Indeed, Leland and Jane Stanford founded the University “to promote the public welfare by exercising an influence on behalf of humanity and civilization.” That influence begins with an academic community committed to mastering the known and developing an intuitive capacity to imagine the unknown.

We are excited to share more about Stanford with you. From April 7 to April 21, Stanford alumni are hosting admitted student receptions around the world. We also invite you to join us on campus April 25–27 for Admit Weekend 2024. You can learn more about these events by visiting [admit.stanford.edu](https://admit.stanford.edu).

To confirm your most up-to-date mailing address and communication preferences, please submit the [Admitted Student Contact Information Form](#) by April 2.

When you are ready to make a decision about your enrollment, please complete the [Admission Response Form](#). The form can be submitted at any time on or before May 1, 2024. You will also need to complete the Additional Background Information Form located in your portal.

If you applied for financial aid by November 15, you can access a reply from the Financial Aid Office below this letter. For international citizens, your eligibility for financial aid depends on your response to the need-based financial aid question in the application. If you answered yes, that you intend to pursue need-based financial aid, then you will receive a financial aid notification. If you answered no, you may not apply for need-based financial aid from Stanford at any time during your undergraduate years.

To keep your place in the class, we expect you to maintain the quality of your character and to return a strong performance in the academic courses reported in your application. If you plan to make any changes to these courses, you must first submit the Course Change Request Form in your portal. Any changes must be approved in advance by the Office of Undergraduate Admission.

Please share this wonderful news with everyone whose love and support helped you reach this moment. We are thrilled to offer you admission. Welcome to the Stanford family.

With my congratulations and very best wishes,

Richard H. Shaw  
Dean of Admission and Financial Aid

A place for **you** here.
